

List of work required around the Bowling Green

1. Benches - complete rubbing down and repainting.
2. Redo 2M markers perhaps making them more permanent
3. Construct a base/store next to the summerhouse for heavy machinery
4. Sand down the front of the chalet, the blue paint is flaking off and repaint it with the same colour as the benches.
5. Empty bins around green and replace bin liners when needed.
6. Fit new fake grass into gulleys around the green.
